MINOX DCC 5.1 Colour Edition

Contrast of opposites: Digital Classic Camera now available in modern fashionable colours

Friends and lovers of classic photographic technology will appreciate the fascinating detail with a touch of luxury found in the popular Digital Classic Camera MINOX DCC 5.1 – now available by popular demand as a trendy special edition in modern fashionable colours.

Lovers of classic designs and the legendary German engineering of the 50s will find their fascinating, colourful allure hard to resist. Designed in fascinating detail and with a sophisticated stylish format the new Digital Classic Camera MINOX DCC 5.1 Colour Edition is a true example of first-class German engineering from the fifties. This small ingenious masterpiece at a scale of 1:3 is no ordinary digital camera and quietly reflects its owner's confidence in style.

The external look is a tribute to classic, legendary design. Inside the MINOX DCC 5.1 boasts all the convenient features of state-of-the-art technology. Featuring a 5.1 megapixel hardware resolution, 2-inch display and a small and sophisticated attachable viewfinder, this exquisite camera is the iconic object of choice. With a host of accessories, it will arouse emotion in every follower of traditional photography and provide great pleasure to all of its users.

In addition to the optical viewfinder, the large 2-inch display helps the user in composing the image and also displays the details of the selected camera settings. Film sequences can also be shot in AVI video format. Data of up to 128 MB can be stored internally or on an external SD card with a capacity of up to 16 GB. Power is supplied by a rechargeable Lithium-ion battery.
